The City of Fayetteville is fully committed to provide Small Local Business Enterprises (SLBE's) an equal opportunity to participate in all aspects of City contracting including, but not limited to participation in the procurement of contracts relating to the construction of and improvements to facilities throughout the City. It is also the policy of the City to prohibit discrimination against any person or business in pursuit of these opportunities on the basis of race, sex, color, religion or national origin and to conduct its contracting and purchasing programs so as to prevent such discrimination. The City is also committed to follow all applicable State and Federal law as they relate to procurement practices.

The City will actively seek and identify qualified SLBE's and offer them the opportunity to participate in the procurement of contracts for all City purchasing and service contracts as well as construction and repair contracts.

The City aspires to spend 40% of its eligible contract dollars with small local suppliers and contractors. Towards this end the City's Charter has been amended by the General Assembly (H.B. 198) to allow the City to establish a race and gender neutral small business enterprise program to promote the development of small local businesses. The City is authorized to establish bid and proposal specifications that include subcontracting goals and good-faith effort requirements to enhance participation by small business enterprises located in Cumberland and Hoke Counties.
