Size of Development: _____ FIRM Data Map Panel No.: _____ Suffix: _____

Map Panel Date: _____ Map Index Date: _____ Flood Zone: _____ COBRA Zone: _____

Regulatory Floodway Info: Inside Regulatory Floodway
 Outside Regulatory
 Floodway No Regulatory Floodway

Development Standards Data:

1. If inside regulatory floodway is checked above, attach engineering certification or supporting data as required.
2. Base flood elevation (BFE) per FIRM at development site _____ (NGVD).
3. Regulatory flood elevation at development site (BFE + locally adopted freeboard): _____ (NGVD).
4. Elevation in relation to mean sea level (MSL) at or above which the lowest floor (including basement) must be constructed _____ (NGVD)
5. Elevation in relation to mean sea level (MSL) at or above which all attendant utilities to include, but not limited to, all heating, air Conditioning and electrical equipment must be installed _____ (NGVD).
6. Will garage (if applicable) be used for any purpose other than parking vehicles, building access or Storage? _____. If yes, then the garage must be sued in determining the lowest floor elevation.
7. Proposed method of elevating the structure: _____
 (a) If foundation wall is used, provide minimum of 2 openings
 (b) Total area of openings required: _____ (1 sq inch per sq foot of enclosed footprint area below BFE).
8. Will any watercourse be altered or relocated as a result of the proposed development? _____. If yes, attach a description of the extent of the alteration or relocation.
9. Flood proofing information (if applicable):
 Elevation in relation to mean sea level (MSL) t which structure shall be flood proofed: _____ (NGVD).

Applicant acknowledgment: undersigned understand that the issuance of a floodplain development permit is contingent upon the above information being correct and that the plans and supporting data have been or shall be provided as required. I also understand that prior to Occupancy of the structure being permitted, and elevation and/or flood proofing certification signed by a professional engineer or registered land surveyor must be on file with the City of Fayetteville Permitting & Inspection Department indicating the "as built" elevations in relation to mean sea level (MSL).
